

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

JANUARY 12, 2010

The Eaton Canyon Nature Center Associates (ECNCA), a chapter of the Nature Center Associates of Los Angeles County, is a non-profit public benefit, volunteer organization working cooperatively with the County of Los Angeles' Department of Parks and Recreation to provide a variety of natural science programs and services at Eaton Canyon Nature Center. ECNCA's goal is to develop an awareness and appreciation of the natural world through interpretive programs and scientific study of our environment. ECNCA received a grant in the amount of \$17,661 from the Pasadena Community Foundation to convert two existing cargo containers into "Green" storage spaces by supplying them with solar-powered lighting and ventilation and to provide solar electricity to power a Smart Controller for the nursery's irrigation system at Eaton Canyon Nature Center.

I, THEREFORE, MOVE that the Board of Supervisors authorize the Director of Parks and Recreation to accept the gift of the conversion of the two existing cargo containers into "Green" storage spaces for the nursery's irrigation system at Eaton Canyon Nature Center through a grant awarded to ECNCA.
